# Main Interest in WP 2.1

- **Task 4**
  - Definition of a methodology and general criteria for ontology-based tools benchmarking
- **Task 5**
  - Construction of prototypes of tools for benchmarking ontology building tools
- **Task 6**
  - Benchmarking of ontology building tools according to the criteria and test beds produced
  
- **Effort to spend: 8 PMs**

# Main Activities

- **OntoWeb Workshops**

- York Sure and Jürgen Angele: 1st International Workshop on “Evaluation of Ontology based Tools (EON2002)”, held at EKAW2002, Sigüenza, Spain, 2002

**Experiment:** Modelling of ontologies with different editors based on NLP description

- York Sure and Oscar Corcho: 2nd International Workshop on “Evaluation of Ontology based Tools (EON2003)”, held at ISWC2003, Sanibel Island, Florida, 2003

**Experiment:** Interoperability of different editors

- ... planned to be continued in 2004 as part of Knowledge Web in cooperation with UPM (Oscar Corcho)
  - 1. Please submit papers ☺
  - 2. Potential platform for field experiments

# SDK-Ontology Meeting
